Tax Override Fails--- Schools Face Cuts

The electorate handed the Yorba Linda Elementary School District (YLESD) a crashing blow by failing to pass the proposed 87-cent per $100 assessed valuation tax override.

Twenty-eight per cent, or 1,470 of the city's 5,148 voters turned out to cast their votes. The override had required a simple majority to pass.

The district now has to contend with eliminating $140,000 from the basic programs for the 1975-76 school year.

"The tragedy is that now we have to make further reductions in what was already a low budget program," said Jim Bremer, president of the YLESD Board of Trustees.

Yorba Linda's per pupil expenditure is already the second lowest in the county.

Schools that will be affected because of the measure's failure to pass are Yorba Linda Junior High School, Mabel Paine, Rose Drive and Nixon schools.

Areas of cut-backs will be defined over the next month, according to Bremer. Under consideration are:

--Transportation: Increase walking boundaries. Eliminate field trips.

--Class size: Increase minimum number of pupils to 35 per class, kindergarten through sixth grade.

--Seventh period: Elimination of this period from the junior high school day.

--Electives: Eliminate programs such as home economics, foreign languages and shop.

Bremer emphasized school officials will do everything to maintain a quality program for YLESD school children. But he said the city cannot cut back "on educational frills because there are no frills from which to cut."

The district does not have nurses, coordinators or math and reading specialists. Personnel is already at a minimum.

Bremer added he personally felt the district has no choice other than to hold another election this November. However, a successful override would not become effective until November of 1976.

Unless the Legislature changes its funding rules, the district will only receive six per cent per child in additional funding from the state this year. But expenses have gone up 12 per cent per child over last year.

Superintendent Dr. Sterling Fox expressed disappointment over the election results, saying he had hoped the community "would have done right by our schools and supported the measure".

Altogether, Yorba Linda voters turned in 842 No votes to 663 Yes votes, according to the Orange County Registrar of voters.

Individual precinct polling place returns showed:

City Council Seeks Citizen For Committee

The Yorba Linda City Council is taking applications to fill a vacancy on the Greenbelt Committee created by the recent resignation of Dr. Richard Tooley.

The Yorba Linda Greenbelt Committee is composed of five citizen members, one council member and one staff member.

The committee's primary function is to study and evaluate land use policies and decisions as they relate to the Santa Ana and Santiago Creek area, with the ultimate objective of providing the optimum amount of open space for public use.

Any citizen interested in serving on this committee may obtain an application at city hall. Applications will be taken until June 12. It is anticipated the council will make the appointment at their meeting of June 16.

Tax Of $400 Placed On Oil Wells

Owners of oil wells in Yorba Linda will pay an annual $400 tax on each of their wells, the city council voted last Tuesday.

The business license tax is set at $400 per well. It becomes effective July 1.

Councilman Whit Cromwell voted against the measure saying the $400 would be an unfair amount to impose on small well owners.

Councilman Rudy Castro did not attend the meeting.

Art Simonian, city administrator, said the city will get $90,000 in additional revenue per year as a result of the assessment.

Added revenue from the taxes will go into the city's general fund as opposed to being earmarked for a specific project or account.

Owners of the oil wells have consistently opposed taxation of their wells here. They say oil companies are already paying their fair share of taxes.

Some owners and operators also said they might be forced to stop production if the tax cuts too severely into their incomes.

City Council Postpones Horse Dilemma

When is a horse not a horse?

When it's a motor vehicle!

But--when is a horse a motor vehicle?

When the State of California says it is!

Last Monday night a curious problem came before Yorba Linda City Council. Kids on horseback are, it seems taking their steeds into a park on the east side of town.

Now at the park there's a sign that says motor vehicles have to stay out. Nothing about horses.

But, City Attorney Leonard Hampel told the council, state law classifies horses as motor vehicles. That means horses have to stay out too.

Now this is fine it seems with just about everyone (except maybe the kids on horseback); but since equestrians are not in the habit of thinking of their mounts as motor vehicles, it was suggested that signs should be put up or changed specifically to exclude (or rather include) horses.

The council, by now a little shaken up, voted to continue the matter until another hearing.

STOP WATER POLO CHAMPS--Doug Ward [left] and Alan Gresham pose with trophy the United States 12-and-under water polo team brought back from the Mexican National Games. Both boys are from Yorba Linda and are members of the Swim Team of Placentia.

Yorba Linda Youths Win Mexican Event

by Sam Henderson

Two Yorba Linda youngsters played on an Athletic Amateur Union All-Star (AAU) team that last week won the Mexican National Water Polo championship for the 12-and-under age group. It was the youngest AAU team to ever participate in international competition outside of the United States.

Alan Gresham and Doug Ward, both 12, returned home last Monday from the matches in Mexico City. Chosen at a training camp held in April, they had been training every day for the last month.

The 12-member team, accompanied by coach Stan Sprague of Anaheim, left Los Angeles International Airport May 20.

The tournament consisted, for the team, of four games played against Mexico's top teams. On Thursday, May 22, they defeated Hacienda Club 6 to 2. Friday they beat Sexunel 5 to 2, and on Saturday they rolled over Polytechnical 10 to 0.

The final game on Sunday was played against an all-star Mexican team made up of the best players from the three teams previously played. U.S. won 3 to 2.

The victory was won despite use of a smaller goal. Although the team had practiced with a three-meter goal, the goal used in the tournament was only two meters.

"It was a great pleasure," Alan, who lives with his parents, Lt. Col. (ret.) and Mrs. LaMar Gresham, 5322 Lynridge Dr., said. "You gain experience, ability, and international friendship. When you play against another country, you learn a different style of the sport."

"It was also a pleasure to have such great coaches like Stan Sprague and Scott Massey," continued Alan, a seventh grader at Bernardo Yorba Junior High. "I'm really glad I was selected and if another team is selected, I hope to be on it."

"It's such a great experience."

Doug, who is in seventh grade at Yorba Linda Junior High, said, "It was a big surprise to me to be picked for the team because there were so many good players to choose from and the try-outs were really hard."

"It was really a learning experience for everybody," he noted. "I learned some Spanish and I learned about their money."

"It was also fun since they played the game differently than us."

(Doug's parents, Mr. and Mrs. Ewan Ward, 18962 Montecito Dr., have another aquatic offspring. Doug's sister Jill holds the national breast stroke title for 9-11-year old girls.)

Both Doug and Alan are members of the Swim Team of Placentia (STOP). Another STOP member, John Olivier, was first alternate.

The games were played and the team was lodged in the Olympic Training Village, which is being readied for the Pan-American Games to be held in Mexico City this summer.

Apart from playing water polo, the team got in some sightseeing while in Mexico, visiting the pyramids and the Floating Gardens, and practiced their bartering skills buying souvenirs.

Police Stop Fight On Baseball Field

A baseball game at Yorba Linda's Little League field last Thursday night included a little more excitement than planned.

According to accounts given police officers who were called to the scene shortly before 11 p.m. a group of nine youths ranging in age from 13 to 24 surged over a fence at the ballpark and charged a visiting team from Whittier. Witnesses said they were armed with crowbars, knives, and at least one pistol.

Then a police car arrived and the charge reversed direction and re-surged over the fence, back to the spectator side.

A search of the suspects found no weapon. Neither did a search of the field. A crowbar and a butcher knife were found in one car, However.

Nobody wanted to press charges, according to police, and the suspects were released.

Board Faces Employee Matters

In spite of strong objections from the 35 teachers present at its May 28 meeting the Yorba Linda School District Board of Trustees adopted a new policy governing operation of schools during illegal work stoppages.

In a letter sent to all district employees, Superintendent Sterling L. Fox stated, "The policy was adopted to be used **only in emergencies** which might arise some day in the future if one or more employees of the district were to engage in an illegal work stoppage.

"If such illegal activity were to occur" Fox said, "the board felt the need for a policy to guide the orderly operation of the schools and to have a legal base from which to determine pay for employees."

The new policy requires employees requesting pay for sick leave used during "emergency conditions" to submit a signed affidavit of illness and to provide a doctor's statement.

Employees requesting leave for other than illness must receive permission in advance from their principals. If prior notice cannot be given, the employee must sign an affidavit and provide written documentation of the personal necessity.

The new policy also allows the school district to withold pay and initiate dismissal proceedings against employees who are absent without authorization.

Under the new regulations, substitute teachers and temporary employees may be hired by the superintendent. Substitute teachers hired during a work stoppage may be paid up to the first step of the school district salary schedule. In addition, employees may be temporarily reassigned at the discretion of the superintendent and may be paid the regular rate for the new position. The superintendent is also allowed to assign additional duties and new job classifications as needed.

During an illegal work stoppage,

Council Ponders Police Contract

The Yorba Linda City Council Monday tackled the signing of its annual police contract with the city of Brea.

Yorba Linda has no police department of its own. Not for want of suggestions, however; last year, three different proposals were offered for setting up an in-house department.

But, in the end, a contract was signed with Brea. It was the fourth such entered into with the neighboring community, continuing a practice begun in 1971. Previously, the county Sheriff's Department had provided police services for the area.

This year two bids were received: one, as usual, from Brea; and another from the Sheriff's Department. For the sake of fair comparison, service offered by both proposed contracts was based on that provided by last year's--two patrol cars 24 hours a day, 20 hours a week of traffic control, and detective and juvenile service as needed.

The bids were pretty close. The Sheriff's office proposed a fee $392,300. plus an anticipated increase (due to increases in personnel costs) not to exceed 10 per cent. A seven per cent increase would bring the cost to the city up to $411,915.

Brea offered two quotations. One, a flat fee with no built-in allowance for increases, amounted to $405,000. The other, allowing, like the Sheriff's proposal, a cost-increase adjustment, was for $390,000 plus whatever increase Brea might grant its officers. The seven-per-cent figure, again, would bring up the cost to $405,200.

City Councilman Whit Cromwell objected to the size of the figure, saying however that he "could vote right now" for a $200,000 contract.

Since only three council members were present, Councilmen Wedaa and Castro being absent on business, consideration of the contract was then continued to the council's workshop meeting the following Tuesday night.

Although the $405,000 contract for police services currently under consideration by the city represents an increase of $57,348 (or 16.5 per cent) over last year's contract, the portion of this year's proposed budget it constitutes, is very close to that of last year's contract, 19 per cent versus 18. (The current proposed city budget shows an increase of eight per cent over last year's.)

For sake of comparison, police costs in 1973-74 were a bit over $316,000 making up 13 per cent of that year's budget. Police costs for '74-'75 of $347,652 entailed an increase of 10 per cent over the previous year's contract.

Refugees Getting Help

Six Vietnamese refugees from Camp Pendleton have and will be placed in area homes because of the help of Mrs. Mary Disney of Yorba Linda.

One of the refugees Disney was instrumental in getting sponsored is now in Corona. The 19-year-old woman was one of the last to be evacuated from Saigon.

Her parents were both killed because she had worked for Americans, Disney said.

The refugee had to leave all her clothing behind because the helicopters, desperately trying to airlift as many Vietnamese out of the country had "only room for people, not suitcases."

Many refugees who are still arriving at Pendleton from Guam, were caught in the same situation, Disney said. Their clothing is minimal.

Garment donations to the refugees are being handled through Mrs. Disney, 528-1948.

FINDING MORE TRASH then expected are Millie Krantz, Gena Kocher, Vincent Bautista, and Mike VanBibber. Saturday will be the first official day of the city-wide clean-up effort, a major project of the bi-centennial year.

CITY CLEAN-UP ZONES or "farms" are waiting for all interested volunteers as Millie Krantz, Mike VanBibber, Gena Kocher, and Vincent Bautista explain. Anyone wishing to clean-up or plant a "farm" should contract the city planning commission for an assignment. Permission of the owner is required.

Ronald Reagan Column

by RONALD REAGAN
Copley News Service

A few days after you read this, the House of Representatives is expected to pass a bill creating the Agency for Consumer Advocacy. It has already passed the Senate.

Who wants this repackaged version of the Consumer Protection Agency bill defeated last year? Ralph Nader and his friends, the professional consumerists and Sens. Jacob Javits, Abraham Ribicoff and Charles Percy are its most ardent supporters.

Who doesn't want it? Most Americans, according to a recently published survey by Opinion Research Corp.

It found that 75 per cent of the people do not favor efforts to create such an agency. Only 13 per cent do. And, more than half of those changed their minds when told that it would cost some $60 million in tax dollars over the next three years.

In the same survey, 59 per cent said they were "usually" treated fairly in the marketplace, and another 27 per cent went further, saying they were "almost always" treated fairly. Only 13 per cent said they had been treated "unfairly" as consumers.

Despite this evidence, the bill's chief pushers forge ahead. Ostensibly, it would create an independent consumer voice in other government agencies' public hearings. The argument is that the existing agencies responsible for watching out for the public interests aren't really doing so.

If that's so, Congress could make any changes it wishes in the laws governing these existing "watchdogs" in order to improve them.

If you owned a retail chain and one store was doing poorly, you might change managers, sales clerks, prices, advertising, decor, store hours or product lines, but you certainly wouldn't cure the problem by opening up a competing store across the street.

Yet, that's just what Congress is about to do. It means another big bureaucracy which is bound to mushroom (don't they all?). How will it determine what the consumer's viewpoint is when it is supposed to represent some 210 million Americans? That's easy: the bureaucrats will simply equate their own opinions with those of all consumers.

Their opinions become yours whether you agree or not.

And who are the agency's spokesmen to be? Consumerists, if the professional consumerists have anything to say about it (and they are the ones who have persistently pushed this legislation for several years).

One of the duties of this new agency would be to monitor the cost and quality of the goods we buy. Organized labor's actions certainly have a direct bearing on such matters, but labor has been specifically exempted from the bill. That's not surprising, considering the heavy political debt many congressmen owe to labor's hierarchy for campaign support.

The bill has an Orwellian twist, too. The agency could demand from private businesses confidential information and trade secrets which it could make public.

Consumerists, who are obsessed with the idea of controlling the economy and production, couldn't have dreamed up a better way to stifle new product development.

Unless a few House members blink and take a second look at this bill the public doesn't seem to want, it can only be stopped by a presidential veto.

Police Beat

Thursday, May 29

McDonald's, home of the golden arches, is having trouble finding a home in Yorba Linda.

Last Thursday night just before ten, an employee noticed a young man pulling up freshly planted junipers at the chain's new branch on Yorba Linda Boulevard at Lakeview. He had already pulled out about 20 bushes.

"Having fun?" the employee yelled.

"Yeah," the man replied. But he must not have been having too much fun, because he just then ran and got into a pick-up and left.

The trees were re-planted.

More seriously, on the day before the bush pullings, it had been discovered that copper tubing on two five-ton air conditioners on the roof of the business had been sawn through, resulting in $2000 in damage. The McDonald's people were trying to determine whether vandalism or manufacturer error was responsible.

***

Between noon and 10 p.m. last Thursday $700 worth of auto tools were reported stolen from the garage of Monroe Charles Barnett, 19182 McCarthy Lane, Yorba Linda. Juvenile mischief seemed unlikely since, Barnett told police, the tool box containing the tools weighed between 75 and 85 pounds.

Wednesday, May 28

Firearms busily changed hands last Wednesday in Yorba Linda.

About 6:30 that evening someone took a .22 cal. rifle from the unlocked car of Michael W. Hurd, 4661 Plumosa #67, parked in front of Rod's Liquor Store in Kountry Market while Hurd was inside. He had left it on the rear floor of the car. He had been gone five minutes.

That evening also Sidney Louis Radus, 5212 Mountain View, discovered an empty place in a dresser drawer where three pistols had previously been. Loss: $300.

Chamber Announces New Members

The Yorba Linda Chamber of Commerce announced five new members within the past ten days: Linda Gardens, Mr. Ernest Matteis, 4672 Plumosa Drive #1: Tandem Design Enterprises, R.E. Smolinski, 19671 Marsala Drive: Nick's Union Service, Nick H. Hingtgen, 17499 Yorba Linda Blvd.: Stater Bros (Patton Plaza), Yorba Linda Blvd. & Lakeview: McDonald's Restaurant, George S. Weiss, Owner; Bruce & Vicki Weiss, Managers, (Patton Plaza).

The chamber's by-laws have also been altered recently to allow all member-ships to be granted on a yearly basis payable every 12 months from date of original payment.

Bike Trail Construction To Begin

A contract for the construction of the first mile of the El Cajon recreational bike trail has been awarded by the city to the R.J. Noble Co., which at $16,500, had offered the lowest of six bids.

The section, to be completed by start of school in the fall, will lie between Rose Drive and Valley View. It will include a 10-foot-wide bicycle path paved with three inches of asphalt and a 12-foot-wide horse trail. The bike trail will be on the south side and the horse trail on the north, with a three-foot high rail fence separating them.

Only half of the cost of the bike path is being paid by the city. Through a matching-fund agreement, the other half is being met by the county.

Although the county will not supply money for the horse trail, construction of the dirt-surface path in conjunction with that of the bike trail will entail little additional expense, according to assistant city planner Vincent Bautista.

The route was chosen since it was already is use by pupils of Rose Drive Elementary School to get to and from the school. Right-of-way has been granted across intervening church property.

The section of trail marks the second step in the establishment of a system of bikeways in Yorba Linda. A year ago, City Planning Director Phil Paxton recalled recently, an experimental bike lane was striped onto Yorba Linda Boulevard and Fairmont east and south from their intersection. Use of the lane by local school children has shown its value, he said.

Since the El Cajon Trail, which will follow the old Anaheim Union Water Co canal right-of-way, will not lie in a street, Paxton noted, an additional safety factor will be gained.

Still more bike routes are planned for the future, including one in the area of Patton Plaza, now being built at the intersection of Yorba Linda Boulevard and Lakeview.

RETIRING TEACHER--Esther Watson will be ending a 40-year teaching career next week when she closes her third grade classroom doors at Rose Drive where she has taught since the school opened 12 years ago. Her career started in Marion County, Kansas, and she is returning to Wichita this summer.

Housewife Appearing on TV Game Show

by Judy Goffin

If you knew each time you got into your car and drove into Los Angeles that you would win $3,000 there would certainly be a traffic jam on the Santa Ana Freeway.

A local resident, Cindy Kidwiler did do just that. Out of 7 trips into Los Angeles to appear on the show Password, she has received a total of $20,025, an average of about $3,000 a trip. Actually the Yorba Linda Homemaker has appeared on the show for a month and three days winning the total of $20,025 for all of her appearances.

Cindy was on the show for a short time last year and then waited to get on again this year and much to her delight and surprise she kept on winning. She attributes her love of word games and her sophomore English teacher for her ability to win and keep winning.

The shows were shot on Saturdays and Sundays and her wardrobe had to keep changing to keep up with the demands of "show business". She did say she didn't invest in any new clothing.

The mother of two children, Jeff, age 9 and Carrie age 7, Cindy is active in many community activities. Husband Jack is proud of the local celebrity and hopes they don't have to pay too much tax on her winnings.

The winnings are presently tapped for a Motor home trip during next summer to see the country and participate in all the Bi-centennial activities across the United States. A portion is earmarked for a piano for the entire family's use, and the rest, well who can tell.

Cindy can be seen on Password each day continuing until June 17. Funny thing.....she probably has won the most money, almost, that anyone has received....and guess what? The show has been cancelled!

School Board

[Continued from Page One]

only the superintendent or his designee may authorize closing of a school facility. According to the new policy, a closing would occur only when "the health or safety of students or staff is deemed to be in imminent or serious jeopardy."

Any employee organization which urges its members to participate in an illegal work stoppage will risk losing its status as a verified employee organization. The offending employee group would then become unable to use the mail services, bulletin boards, telephone facilities or property of the district for any purpose. In addition, the officers of the employee organization would be allowed to visit only the facilities in which they worked.

During an illegal work stoppage, the superintendent may hire a private attorney to aid the board of trustees.

Policy 1510 was adopted following an executive session which lasted beyond midnight. Discussion of the matter occured earlier in the evening at the request of Mary Pagel, a Yorba Linda Junior High instructor and president of the Yorba Linda Education Association.

Mrs. Pagel questioned "what occasion brings such an item up" for consideration. She pointed out that the YLEA did "no negotiating during the tax campaign" and called the proposed policy "poor thanks for that type of cooperation". She urged the trustees to postpone their decision on the policy until its implementation could be negotiated through the Certificated Employees Council.

Before proceeding to the next agenda item, Board President James Bremer said, "I think we're getting the spirit of the question".

"You have seen concern on the part of the teachers. To a faculty that is very dedicated, this is not exactly a sugar-coated pill," Mrs. Pagel answered.

Assistant Superintendent J. Elton Patridge presented a study budget for 1975-76 that is $134,013 out of balance.

The budget, which includes staffing for Linda Vista School, was based upon an attendance (ADA) of 2400 and a five per cent increase in assessed valuation. Patridge indicated that since the budget was prepared, new information indicated that the ADA may need to be adjusted down to 2350 students. Patridge also pointed out that a drop in ADA may make it unnecessary to hire an additional teacher.

"With the failure of the election, there's going to be second looks at all of this," Pataridge said.

James Bremer called the budget "news we knew we would have to face when we sat here last night (May 27) and watched the miserable numbers come in."

Spot legislation allowing the application of proceeds from a $515,000 bond sale to prior apportionments will receive its first reading in the State Assembly June 5.

The legislation, AB2343, was requested by the school district after the county sounsel objected to the use of bond sale monies to pay the district debt to the state. Additions to Mabel Paine and Rose Drive elementary schools are contingent upon sale of the bonds. (Se STAR for May 14, 1975).

In other actions, the board approved the drafting of letters of intent to the Placentia Unified School District (PUSD) and the Fullerton Union High School District. Trustee Kathleen A. Baker said that the purpose of the letter was to "clear the air" regarding the board's desire to annex to the PUSD.

The board also received salary and fringe recommendations for 1975-76 from Chapter 436 of the California State Employees Association.

Conversational Spanish Offered At Library

A six-week conversational Spanish course geared to the tourist's needs will be offered at the Yorba Linda District Library every Tuesday morning from nine until noon starting June 17.

Students with little or no Spanish background are invited to attend, as well as more advanced students. The approach will be based on conversational Spanish.

Registration for the course, sponsored by the North Orange County Community College District Adult Education Division, will take place during the first meeting June 17 in the multi-purpose room of the library.

PUSD Bond Pass

Voters of the Placentia Unified School District found the 66 necessary votes and a few more last Tuesday, to pass a $20 million school construction bond issue by a 71 per cent vote, more than the two-thirds required by law.

The decision was made by 23.4 per cent of the voters reporting to the polls. The vote was slightly larger than the March 4 tally which saw the bonds go down to a narrow defeat.

"The success of the ballot measure comes as a genuine relief to our board since there was no real alternative for new construction that was so cost effective to our taxpayers," PUSD Board of Trustees President Dr. William Yates, said this week.

"I want to personally congratulate the Citizen's Committee, all of the PTA workers, Al Barlow and Dr. Ralph Ruth and everyone else who again came to the support of our educational program in this campaign.

"The patrons of PUSD have once again given an overwhelming endorsement to quality education and their own personal commitments to the children of the district. We thank you."

The board and Superintendent of Schools, John O. Tynes, had pointed out to patrons the great need for the bonds, which will be used only for school construction, in a fast-building area with a large frontier filling rapidly with residences.

The affirmative vote makes it possible for PUSD to be eligible for the state school construction program which has been heavily subsidizing new schools in this area, including the $3 Esperanza High School.

The bonds are expected to provide monies for four elementary schools, one junior high, and one senior high school, to meet the influx of 1,000 new students each year the district has been accommodating.

A statement from Superintendent Tynes thanked those who assisted in the bond effort: "A hearty thanks and congratulations to those hundreds of school employees who helped in the successful passage of the bond election! In these times of unemployment and recession, we are very grateful to the patrons of the district for their support of the schools in giving us a 71 per cent majority vote in Tuesday's election.

"With the successful passage of the bond issue we can now plan to build to meet the needs of the children of our school district for the next five years."

Of the 23, 954 voters eligible to vote, 5,606 cast their ballots. Of these, 3,990 were aye and 1,616 no.

Recreation Registration To Begin

The first pre-registration for the summer program of the Yorba Linda Recreation program will take place on Saturday, June 14 from 9:00 a.m. to 12:00 noon in the multi-purpose room of the Yorba Linda District Library.

Pre-registration will continue during the following week, June 16-20 from 9:00 a.m. - 4:00 p.m. at the recreation office in Room 13 at Yorba Linda Junior High School. The program begins on June 23.

RESOLUTION NO. 765

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF YORBA LINDA, DECLARING THAT PROCEEDINGS HAVE BEEN INITIATED BY THE CITY COUNCIL OF THE CITY OF YORBA LINDA TO ANNEX TO SAID CITY CERTAIN UNINHABITED TERRITORY DESCRIBED HEREIN AND DESIGNATED AS "ANNEXATION NO. 75-2" AND SETTING FORTH ITS REASONS FOR DESIRING SAID ANNEXATION AND GIVING NOTICE OF HEARING REGARDING SAID RESOLUTION.

BE IT RESOLVED by the City Council of the City of Yorba Linda as follows:

Section 1. That pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, notice is given hereby that proceedings have been initiated by the City Council of the City of Yorba Linda, pursuant to Resolution No. 725 adopted on January 6, 1975, on its own motion, to annex to the City of Yorba Linda all that uninhabited territory situated in the County of Orange, State of California, herein designated as "Annexation No. 75-2", the boundaries of which are described on Exhibit "A", attached hereto and made a part hereof.

Section 2. That the City Council of the City of Yorba Linda desires to annex said uninhabited territory to the City of Yorba Linda for the following reasons: The territory is contiguous to the City of Yorba Linda; its proposed annexation will contribute to and facilitate the orderly growth and development of both the City of Yorba Linda and the territory proposed to be annexed; its proposed annexation will facilitate and contribute to the proper and orderly layout, design and construction of streets, gutters, sidewalks, sanitary and street sewers and drainage facilities, both within the City of Yorba Linda and the territory proposed to be annexed; its proposed annexation will provide and facilitate a proper overall planning and zoning of lands and subdivisions of lands in the City of Yorba Linda and in said uninhabited territory in a manner most conducive to the welfare of said City of Yorba Linda and said uninhabited territory.

Section 3. That the Local Agency Formation Commission of Orange County, California on the 23rd day of April, 1975, approved "Annexation No. 75-2" to the City of Yorba Linda.

Section 4. That Monday, June 30, 1975, at the hour of 7:30 p.m., in the Council Chambers of the City Council of the City of Yorba Linda, County of Orange, State of California, located in the Yorba Linda District Library, 18262 Lemon Drive, Yorba Linda, California, is hereby fixed as the time and place when and where any owners of real property within the uninhabited territory above-described, to be annexed, having any objections to the proposed annexation may appear before the City Council of the City of Yorba Linda and show cause why such uninhabited territory should not be so annexed to the City of Yorba Linda. Such protest must be in writing and may be filed at any time before final adjournment of the hearing on protests. The protest shall state the name of the owner of the property affected and the street address or other description of property sufficient to identify it on the last equalized assessment roll.

Section 5. That the City Clerk of the City of Yorba Linda hereby is authorized and directed to cause a copy of the Resolution to be published or posted in the manner and as required by law, and to cause written notices of this Resolution to be given to all persons entitled thereto in the manner and as required by law.

PASSED AND ADOPTED by the City Council of the City of Yorba Linda at a regular meeting held on the 19th day of May, 1975.

There are only two more weeks of school left for this year, and you can feel the restlessness of the boys and girls in the area. Lazy summer days will soon be upon us with lots of time for relaxation. When your children start asking what can they do, remember the Recreation Departments in Yorba Linda and Placentia. Both have great programs aimed at creative times for your children.

***

Did you know that the **Boy Scouts of America** have summer resident camps? More information by calling their offices in Santa Ana.

Placentia Youth Orchestra had their presentation concert and awards on Sunday, June 1. Many fine musicians comprise this, our own youth orchestra. Many of these youngsters will be attending various music camps this summer to continue to grow in their music career.

***

Team Mother, **Shirley Hummitch,** for the **Athletics** in the Yorba Linda Little League American League treated the entire team to tacos and cokes after achieving "tied for 1st place" in their league. I don't know who was more excited, the boys or Shirley!

***

When you have a garage sale, or yard sale and don't sell everything, **"Services for the Blind"** in Santa Ana will be happy to come and pick up all the things you didn't sell. Call them at 836-0630.

***

Security Pacific Bank Managers and spouses along with family enjoyed a three day stay in Ensenada. According to **Sue Brown,** Manager for Security Pacific, Yorba Linda, everything was great, except they are charging American prices for food down there and high prices don't go with Mexican charm. Sue said they also have a lot of interesting "antique stores," and she found some neat things.

***

Esperanza High School is going through a hard job of scheduling this week. It is the time of the year when students must make the grand decision as to what to take next year and then hope there is room in the class for them. I heard one young girl had to change her program 6 times until she finally arranged her classes.

***

Scout Pack 706 held their monthly pack meeting this last week. Some boys received badges, including **Michael Kelch,** Artist; **Barry Blakeley,** Showman and Naturalist. Welcomed into the Webelo Den were **David Cruz, Ken Forsythe, Michael Spears,** and **Jimmy Newman.** The Pack attended Scout night at Angel Stadium and really enjoyed it. Many activities are planned for the summer months.

***

Senior Proms are happening all around. Students from **Esperanza** enjoyed their prom last week at the Le Baron Hotel in Buena Park. Students attending **Troy High** traveled to the Queen Mary for their celebration.

***

Myra's School of Dance will hold their annual recital on Sunday June 8th at 2 p.m. at Wilshire School, 315 E. Wilshire in Fullerton. The program, open to the public, will feature more than 80 performers. The public is invited to attend.

***

El Rodeo Riding Club Sets Show

El Rodeo Riding Club will hold a western horse-show at the Carbon Canyon grounds Saturday, June 7 at 3 p.m.

Judge for rail classes will be Rusty Paris. Diane Paris will judge trail.

Entry fee per class is $3.50 or $20 all day. Silver will be awarded to first-place winners, and a high point trophy will be presented in each of the three age groups.

A tack swap, meet will also be held.

School bonds, a minority group, Memorial Day, and many letters and telephone calls have recently made things exciting. Win some and lose some could well be our motto in regards to these items.

A Minority

The school bond issue of the Placentia Unified School District won, while the Yorba Linda School tax increase was defeated. So even the kids experienced both victory and defeat this week. It's time something was done to even the score a little. An aware citizenry will correct the errors, but an unaware citizenry can do nothing. They are like a helpless giant. That is why you should know about a group which has great influence on your life and mine. They are in the minority and their power is hard to believe.

They control our local government and our school boards; they plan for huge sums of money, 20 million dollars and beyond to be spent. They are a quiet group for the most part, but their influence is far-reaching. They are feared by persons of power, by elected officials, and candidates for local office openly court their favor. Furthermore, when they become unhappy with local officials, they have the power to throw them out of office.

They can't be bought, and you never know how they will react to issues. They are loosely organized, if organized at all. They argue, they think, and they take stands on the issues. They are the minority who run this area--they are the 24% who voted last week. Are you among them?

Memorial Day

You know on Memorial Day we honored the dead, especially those men and women who, in our short and bloody history, have died here and around the world to preserve our liberty.

Isn't it ironic that the day following those elaborate speeches and floral tributes only about 24 per cent of us turned out to vote? The very thing those strong young men died for, the gift they gave their lives for - the majority of us refused to accept last week. Remember that the next time you are too busy to vote.

Heartwarming

The response to this column, and the problems we have met in the past few weeks, has been overwhelming. If the Placentia City Councilman had not written his angry letter, we would never have received your beautiful letters, calls, and personal visits which have so encouraged us. Many thanks!

Another Letter

Today, in the Placentia Courier, is a letter to the editor from Curtis Cook, a young man known to many long time residents. He helped found the Placentia Bobettes, and hundreds of our girls enjoy the thrill of a competitive sport because of his efforts.

Here is a man who, even though his executive duties have taken him 1600 miles from this community, still takes the time to keep up with the local affairs, to the point of writing a comprehensive letter to the editor. His excellent grasp and clear perspective of the local scene may well be sharpened because of his vantage point of distance. He looks at the facts and sees them unhampered by personalities and the rumors that abound.

To Curtis Cook, my plea is simple: COME BACK CURTIS COOK! WE NEED YOU!

GLEN BADGER, Yorba Linda Country Club's Keeper of the Karts, is probably the most improved golfer at the local club, reducing his handicap from 12 to his present six since last December.

Women's Club Installed

Mrs. Leo J. Brough was installed as president of the Yorba Linda Women's Club at the May 27 luncheon meeting at the clubhouse. The new president's motto "Let the Spirit of '76 Prevail" given a bi-centennial theme to this year's activities. Mrs. Brough, who succeeds Mrs. Arthur Waldorf, was installed by Mrs. Clemens Fromlath of Los Alamitos, president of the Orange District General Federation of Women's Clubs.

The new board members include Mrs. Gerald Stack, first vice pressident; Mrs. Archie Kasperik, second vice president; Mrs. Robert Carroll, third vice president; Mrs. Vernie Chiles, recording secretary; Mrs. Donald Lovella, corresponding secretary; Mrs. James Brock, treasurer; Mrs. Fred Pierson, auditor; and Mrs. R.B. McDonald, parliamentarian.

Honored guests were the club's past presidents and Mrs. John Middleton, past president and second vice president of the Orange District.

Two special Honorary Life Memberships were awarded to Mrs. Jessie Isbell and Mrs. Ruth McIntyre for their years of continued service to the Women's Club.

Academic scholarships were presented by chairman Millie Krantz to outstanding seniors in the Yorba Linda area. Teri Dion, daughter of Mr. and Mrs. Ralph Dion, who will graduate from Esperanza, was one of the recipients. She is a member of the California Scholastic Federation, National Honor Society, Girls League, the gymnastics team and is a varsity cheerleader.

Walter Abell was the other recipient of a club scholarship. He is the son of Mr. and Mrs. Emerson Abell and graduates from Troy High where he has been a four-year honor student. Walter plans to major in computer science and math and has played an active roll in the school's drama club. He was a drama teacher for the Yorba Linda Recreation Department and a member of the Troy Faculty-Student Board.

Mrs. Betty Diekman presented an art scholarship to Cheri Weiler, Esperanza senior, for outstanding achievements in art.

Official hostesses for the day were Mrs. Lloyd Mitchell and Mrs. Al Collman. Luncheon hostesses were Mrs. Robert Pollock and Mrs. B. Richardson, assisted by Mrs. Jack Dotson, Mrs. John Cosmos, Mrs. Robert Clare and Mrs. Earl Taylor.

CONCERT

The El Dorado Spring Concert will be held June 6 at 8 p.m. at the Valencia Auditorium. Tickets are available from band members for only $1. There will be a special drawing for many prizes.
